

Update on COVID-19 & the City's Response, February 10

GTZ-SF will be updating you with some facts on COVID-19 and reminders of how to keep safe, updates on the City's response and links to resources that may be useful. Previously posted GTZ COVID-19 Updates [here](#)

Latest from [Data SF COVID-19 Data Tracker](#)

Current Status of COVID-19 Vaccine in San Francisco: COVID-19 vaccine is here, but supply is low

Starting on February 24, San Francisco will move to **Phase 1B, Tier 1** of the state's population prioritization plan and begin vaccinating people who work in education and childcare, emergency services, and food and agriculture sectors, while continuing to vaccinate healthcare workers and people 65 and older. Phase 1B, Tier 1 is comprised of more than 115,000 individuals who live or work in San Francisco, in addition to the approximately 210,000 healthcare workers and people 65 and older who are currently eligible. The City announced this update on February 9th, read the full press release [here](#).

Who is eligible <u>right now</u> ?	Who will be eligible <u>next</u> ?
Phase 1A includes: - Health care workers - Long-term care residents - People 65 and older	Phase 1B, Tier 1 includes people who work in the following sectors: - Education and childcare - Emergency services - Food and agriculture

Vaccine supply remains limited. Even if you are eligible, you may not be able to get an appointment right away. As supply becomes more available, more appointments will be added.

If you do not fall within this Phase or tier, visit [here](#) to sign up to be notified when you are eligible for the COVID vaccine. Find out where you are on the vaccine priority list if you live or work in SF.

In the meantime, “while experts learn more about the protection that COVID-19 vaccines provide under real-life conditions, it will be important for everyone to continue using all the tools available to us to help stop this pandemic, like wearing masks, washing hands often, and social distancing. Together, COVID-19 vaccination and recommendations for [how to protect yourself and others](#) will offer the best protection from getting and spreading COVID-19.” (from <https://sf.gov/information/about-covid-19-vaccines>)

HIV, STI, and hepatitis C testing, prevention, treatment, and monitoring services are ESSENTIAL and should be PRIORITIZED during the COVID-19 pandemic. The Getting to Zero SF Consortium supports the SF Department of Public Health in affirming this prioritization. Read the statement [here](#) with links to resources.
