

Update on COVID-19 & the City's Response, April 9

GTZ-SF will be updating you with some facts on COVID-19 and reminders of how to keep safe, updates on the City's response and links to resources that may be useful. Previously posted GTZ COVID-19 Updates [here](#)

Latest from [Data SF COVID-19 Data Tracker](#)

Note! People living with HIV are eligible for COVID-19 vaccination.

If you have access to the internet, visit **My Turn**

(<https://myturn.ca.gov/>) to schedule your appointments and sign up for notifications.

Vaccines are free.

Or visit this interactive SFPD list of COVID-19 vaccine sites

<https://sf.gov/vaccine-sites> to find out where to get a vaccine.

New locations are added as they're available. **Keep**

checking!

You are Vaccine Eligible

- if you are over 50 -or-
- if you have chronic health conditions or disabilities -or-
- if you live or work in a shelter or SRO -or-
- if you are experiencing homelessness -or-
- if you are a teacher, janitor, housekeeper, food worker, emergency, transit, or health worker

City & County of San Francisco
sf.gov/**GetVaccinated**

If you **do not have access** to the internet or a smartphone:

- ✓ Call your healthcare provider to see if they have appointments
- ✓ Call local pharmacies throughout San Francisco and the Bay Area for appointment availability
 - *Note @ Walgreens: 1-800-WALGREENS call center to schedule vaccine appointment – Appointments online are released Friday mornings starting at 5AM, released on a rolling basis every 2 hours until 1PM. Best time to call is Friday morning.
- ✓ Call the COVID-19 Hotline at **628-652-2700** for assistance. Assistance is available in multiple languages.

NEW A new vaccine site has opened in the Excelsior neighborhood. Residents and workers can call Excelsior Strong/Latino Task Force at (415) 562-8638 to schedule an appointment.

Hear Dr. Starr Knight talk about her decision to get the vaccine [here](#).

According to the CDC, "People are considered fully vaccinated:

- 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine

If it has been less than 2 weeks since your 1-dose shot, or if you still need to get your second dose of a 2-dose vaccine, you are **NOT** fully protected.

Keep taking all [prevention steps](#) until you are fully vaccinated."

If you are experiencing even one symptom of COVID-19, no matter how mild, do not go to work. Get tested as soon as possible to protect your family and coworkers, and isolate until you receive results

<http://sf.gov/gettested>. In the meantime, [here](#) is what you should do.
