

Weekly Update on COVID-19 & the City's Response, April 30

GTZ-SF will be updating you with some facts on COVID-19 and reminders of how to keep safe, updates on the City's response and links to resources that may be useful. **Previously posted GTZ COVID-19 Updates [here](#)**

Latest from [Data SF COVID-19 Data Tracker](#)

On April 23, 2021, the CDC and FDA [recommended lifting the pause of the Johnson & Johnson \(Janssen\) vaccine](#) after a review of health data. **San Francisco is planning to resume using the Johnson & Johnson (J&J) vaccine and is updating the vaccine plan.**

The City & County of SF is now vaccinating people who live or work in SF, who are 16 years and older.

- If you have access to the internet, visit **My Turn** (<https://myturn.ca.gov/>) to schedule your appointments and sign up for notifications. **Vaccines are free.**
- Link here to **[Neighborhood Site Information and Appointments](#)** for the Mission, Bayview, and the Excelsior.
- Or search COVID-19 vaccine sites (<https://sf.gov/get-vaccinated-against-covid-19>) to find out where to get a vaccine. New locations are added as they're available. **[Keep checking!](#)**

Note, not all sites will have vaccines (Pfizer) for people under 18. Check when you sign up!

If you **do not have access** to the internet or a smartphone:

- ✓ Call your healthcare provider to see if they have appointments
- ✓ Call local pharmacies throughout San Francisco and the Bay Area for appointment availability
 - *Note @ Walgreens: 1-800-WALGREENS call center to schedule vaccine appointment – Appointments online are released Friday mornings starting at 5AM, released on a rolling basis every 2 hours until 1PM. Best time to call is Friday morning.
- ✓ Call the **COVID-19 Hotline** at **628-652-2700** for assistance. Assistance is available in multiple languages.

Note, Muni and Paratransit are free for anyone traveling to and from COVID-19 vaccine appointments. The SFMTA is also providing additional access to taxi service for those using the Essential Trip Card. Information can be found at sfmta.com/COVID and sfmta.com/Paratransit.

According to the CDC, "People are considered fully vaccinated:

- 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine

If it has been less than 2 weeks since your 1-dose shot, or if you still need to get your second dose of a 2-dose vaccine, you are **NOT** fully protected.

Keep taking all [prevention steps](#) until you are fully vaccinated."
